- Criação de dados com Post;

The image shows the Swagger UI interface in a web browser. The URL is `https://localhost:7208/swagger/index.html`. The selected endpoint is `POST /api/User`. The request body is a JSON object:

```
{  "name": "Pedro Lucas Serra Moura",  "email": "plservermour@gmail.com",  "senha": "puc123456",  "codigoPesona": 809342,  "imovelIdImo": "senha padrao",  "idade": 29,  "sexo": "Masculino"}
```

The response section shows a 201 status code with the message "Unauthenticated: Response body".

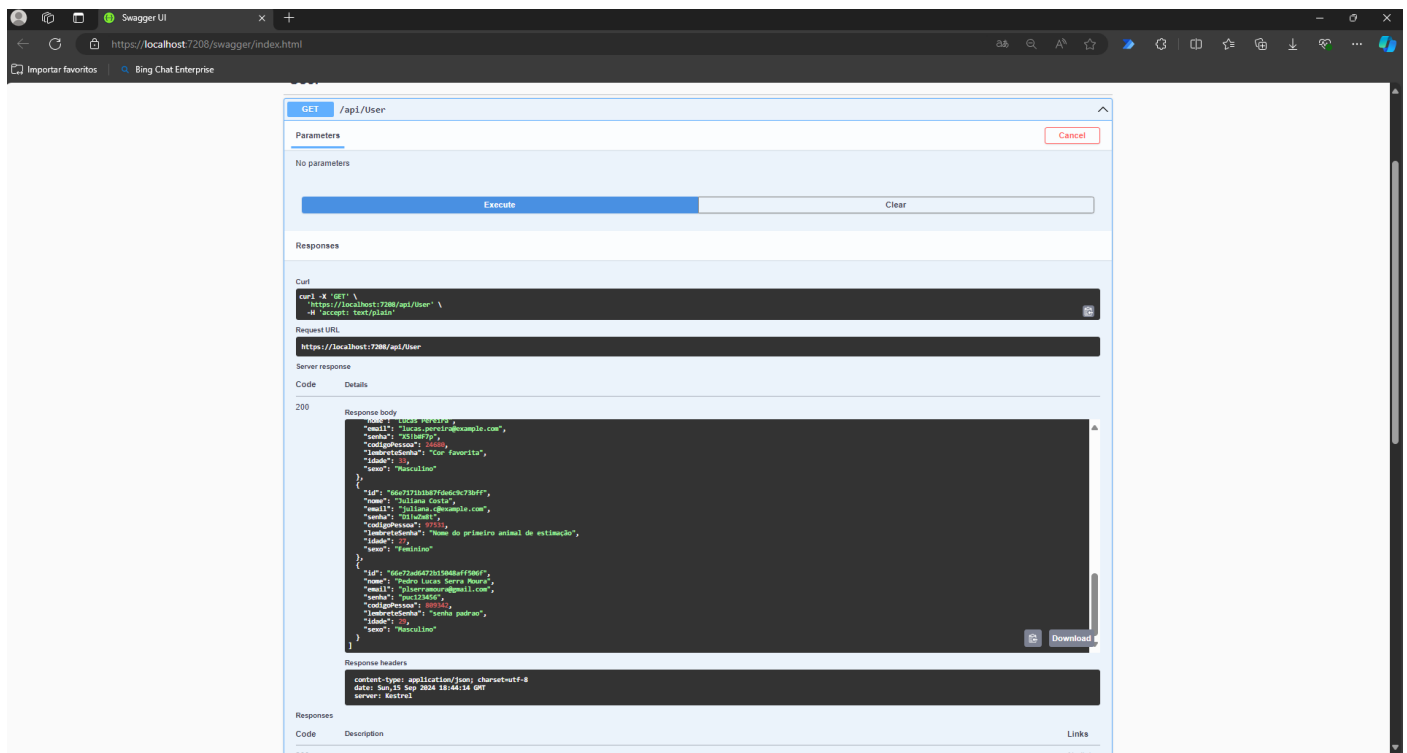

The image shows the Swagger UI interface after the POST request. The response is a 201 status code with the message "Unauthenticated: Response body". The response body is a JSON object:

```
{  "id": "66e72a6472b15848cfF986f",  "name": "Pedro Lucas Serra Moura",  "email": "plservermour@gmail.com",  "senha": "puc123456",  "codigoPesona": 809342,  "imovelIdImo": "senha padrao",  "idade": 29,  "sexo": "Masculino"}
```

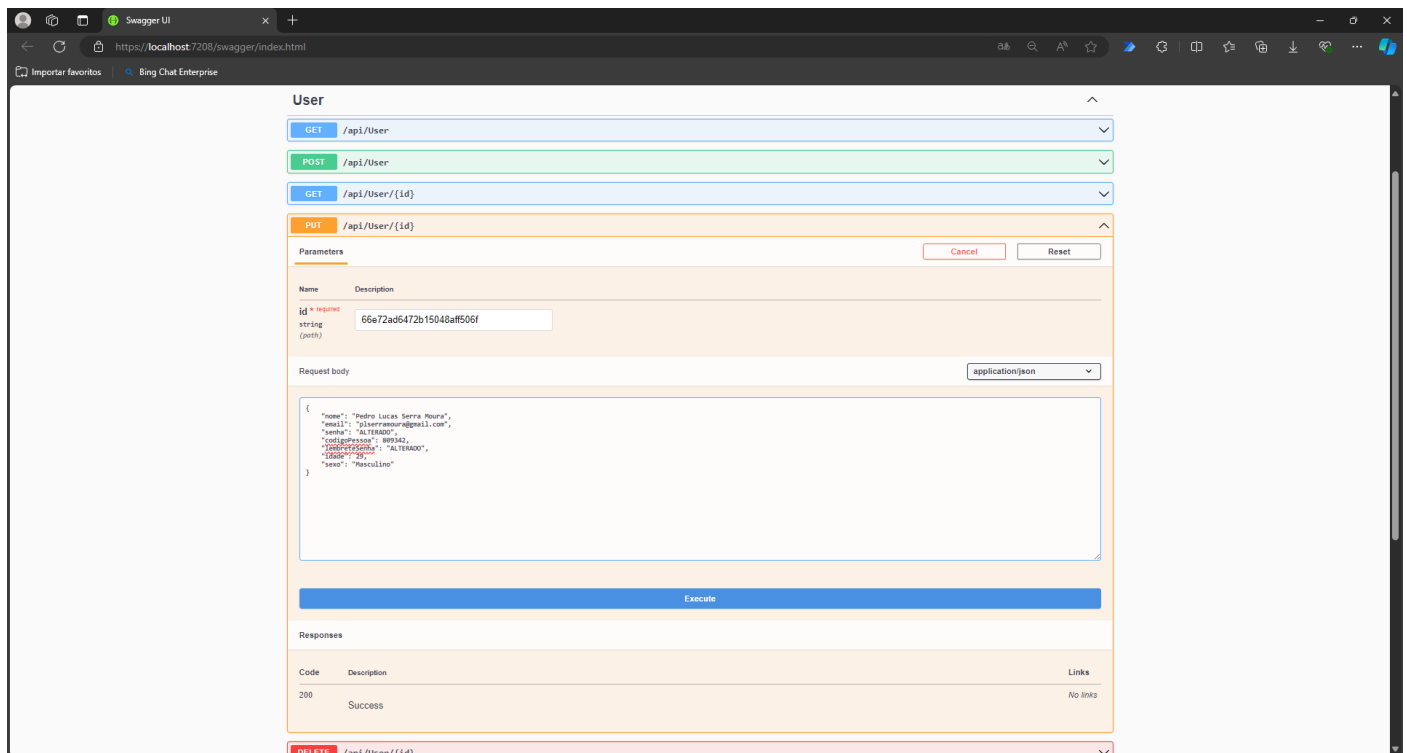

The response headers are:

```
content-type: application/json; charset=utf-8  
date: Sun, 15 Sep 2024 18:41:33 GMT  
location: https://localhost:7208/api/User/66e72a6472b15848cfF986f  
server: RestEtl
```

The response section shows a 200 status code with the message "Success".

- Leitura de dados por chave (e-mail) com Get;

The screenshot displays the Swagger UI interface in a web browser. The URL bar shows `https://localhost:7208/swagger/index.html`. The main content area is titled `DELETE /api/User/{id}` at the top, but the selected endpoint is `GET /api/User/byEmail`. Under the **Parameters** tab, a query parameter `email` of type `string` is defined, with the value `plserramoura@gmail.com` entered in the input field. Below the parameters, there are `Execute` and `Clear` buttons. The **Responses** section shows a `200` status code with a detailed response body and headers. The response body is a JSON object containing user information, and the headers include `content-type: application/json; charset=utf-8`, `date: Sun, 15 Sep 2024 18:58:36 GMT`, and `server: Rest3`. At the bottom, a table of responses shows a `200` status with a `Success` description and a `text/plain` media type.
